

YEAR 12 DRAMA EXCURSION

The North Coast Drama Collegiate organised a HSC Group Workshop Day for all Year 12 Drama in the area. BPHS Year 12 Drama travelled with Miss Green to Xavier Catholic College where they participated in various workshops. Specialised tutors ran workshops that focused on creating character, developing vocal and physical skills and devising work as a group. They will use these skills this term when creating their group performances for the HSC examination. It was a great day meeting other Drama students, discussing their ideas and gaining an insight into the process.

From the Principal

Mr Greg Smith

NAPLAN exams for Years 7 and 9 are being held this week. We encourage our students to have a serious attempt at the exams because this is the only way that the school will receive useful data to help support them in their learning. If a student is away on any of the test days (12th, 13th or 14th May) there is a “catch-up day” on Friday 15th May. Please see Mr Bristow for details.

All year 12 students who were applying for Disability Provisions for the Higher School Certificate should have seen Mrs Verhoeven at this stage. If you haven't, please contact her as soon as possible as we are close to completing this important process.

Year 11 and 12 parent interviews will be held tomorrow afternoon. We are using an on-line booking process for the first time and hope that this has made the scheduling of interviews easier for everyone involved. In the event of it not being possible to schedule an interview at the desired time, please phone the school and ask that either the teacher or head teacher phones you back to organise an alternative day and time.

Year 10 into 11 subject selections start in earnest this week with our information evening on Tuesday 12th May in the library. We aim to provide information to assist with decision making around making the most appropriate choices for your child. Please give this evening a high priority.

has commissioned an independent review of the implementation of Special Religious Education (SRE) and Special Education in Ethics (SEE) in NSW public schools.

The review is being conducted by an independent research company, ARTD Consultants. This company provides services in evaluating public policy. The review will inform ongoing improvement of SRE and SEE for the Department and providers.

How can you participate in the review?

You can complete a survey up until 31 July 2015 via an online portal, located at this link:

<http://forms.artd.com.au/s3/Online-contribution-for-parents-carers>

The survey is in English and has 19 questions. For most questions you can select an answer from the multiple choice options provided. Only two questions ask for written answers. Extra written feedback for another five questions may be provided if desired but is not essential.

Queries or complaints about the way the review is conducted

For questions or concerns associated with participation in the review or to raise a complaint about the conduct of the review, please contact the Leader, Quality Assurance, on (02) 9244 5025 or by email at SRE-SEE-Review@det.nsw.edu.au. All complaints will be treated confidentially.

THE BIG COMPETITION

In 2015, the BPHS Science Faculty will provide an opportunity for students to challenge themselves in The Big Science Competition.

This 50 minute international competition is open to students of all abilities at three different levels: Junior (Years 7 and 8), Intermediate (Years 9 and 10) and Senior (Years 11 and 12).

Questions test students' critical thinking and problem-solving skills as well as their science knowledge. Each student who takes part will receive a certificate as well as detailed feedback on their performance in the competition. They also go into a draw to win hundreds of iTunes and movie vouchers.

Our school will receive a comprehensive report for each paper level showing how each student performed on each question, the percentage of students in the cohort who answered correctly, and a comparison with the national results.

The Big Science Competition will be held in school between 20 and 27 May 2015.

The Big Science Competition is organised by Australian Science Innovations, a non-profit organisation committed to providing high quality science extension programs that inspire, challenge and raise the aspirations of students in science.

The BRAVE PROGRAM.

If your child or teen has difficulties with anxiety or just seems to have too many worries, we would like to introduce you to BRAVE Self-Help – an interactive, online program for the prevention and treatment of childhood and adolescent anxiety. It was developed by a group of researchers from the University of Queensland and now, with the support of *beyondblue*, this program is now freely available to all young people aged 8 -17 years old who are living in Australia.

BRAVE Self-Help provides strategies for children and teenagers to better cope with their worries. There are 4 programs available, one for children aged 8-12 years, one for teenagers aged 12-17 years and one for parents of children at these ages respectively. The program can be accessed as often as you like, from the comfort of your own home. For more information, or to register for the program, please visit www.brave4you.psy.uq.edu.au.
