

TALENTED ATHLETE PROGRAM

AIR FACTORY

On Wednesday the 20th of May the TAP squad travelled to the trampoline park 'Air Factory' at Burleigh Heads to participate in a fun and exciting new fitness craze. Our students were excited and attempted all the different sections that were opened up for us including Dodgeball, the Freestyle Park, The Airbag, Slamball and the Pro Section. All of the squad were outstanding in their participation and the amount of sweat that people had after an hour of participation was surprising. Next week the squad will travel to Personal Fitness headquarters Forged Fitness in Sth Tweed to go through different styles of aerobic and strength training.

From the Principal

Mr Greg Smith

The P&C have organised a site for a fundraising BBQ during Cooly Rocks. We have been allocated a site at the Jack Evans Boat Harbour on 6th and 7th June. If you are available to help the P&C team at this event please phone the school prior to our next P&C meeting (1st June) with details of when you are available and your contact information so that rosters can be prepared. If you are in the area on these days, come along and support our school.

Year 9 and 10 half yearly exams will be occurring throughout this week. The exams give students the opportunity to demonstrate the knowledge and skills that they have acquired at this stage of the year. The feedback that they receive after the exams will help guide them in addressing any areas of weakness that may be identified.

A meeting was held with the steering committee for the Tweed Healthy Schools Program last week. We have had around 18 months support with this program and it has provided the staff and students at Banora Point High and Centaur Public School with some valuable programs that have contributed to a positive culture of well-being. Unfortunately at this stage no external funding has been identified to support this program in 2015. We will continue to investigate ways of supporting our students' health and well-being through innovative, evidence based programs.

Currently the school has a focus on a program called Mind Matters. It is a mental health initiative that aims to improve the mental health and wellbeing of

young people by providing our staff with advice and guidance so that they can support students who may be struggling with mental health difficulties. It has components such as building a positive school community and building resilience within our students. It also encourages help seeking to more effectively provide early intervention for students having difficulties.

Thank you to all of the parents and staff who attended both the recent parent/teacher interviews and the year 10 into 11 subject selections. It would appear that the online interview booking system worked well and improved the process for many of our parents and staff. If you have any suggestions of ways of further improving this, please contact Mr Randle with your ideas. Parents of Year 11 and 12 students who were unable to make a booking for an interview time should phone the office on 07 55131960 to organise an alternate meeting time or a phone interview.

Microsoft Office 365 and Google Apps for Education (GAPE), have been released for use by all DEC staff and students. Both of these online suites are used around the world to support teaching and learning and offer a wide range of educational and administrative benefits. With these online tools, students and staff can work collaboratively on assignments and projects at school, at home, in a library, or anywhere they have internet access. Students and staff can access both product suites, at school and from home, via the DEC portals.

MindMatters

TALENTED ATHLETE PROGRAM

On Wednesday 6th May the Tap squad visited Revolution Fitness at Seagulls Club to participate in an injury prevention workshop with Jono Freeman. Jono is an exercise physiologist who runs his own business in exercise rehabilitation and also works with the Titans U20's team. The squad were taken through stretching activities that can be used to improve flexibility and promote performance in sport. The group were also taken through a series of self-massage techniques using a foam roller. Although at times painful, the session highlighted the need and lack of flexibility that some students need to improve to increase their performance in sport. Thank you to Jono Freeman for taking the group through some useful strategies to prevent injury.

UNDER 13 RUGBY LEAGUE

On Thursday 21 May the Banora Point High School Under 13 rugby league side competed in the CRL Country Cup at South Tweed. The players had a great warm up game against Kingscliff on the Monday in the U14 Buckley Shield and with most of them backing up on the Thursday, we had a great team.

The boys easily accounted for Murwillumbah High School in the first game winning 20-10 and then played Tweed River in game two. This was played with great skill and the boys dominated the match through excellent attack and defence winning 16 - 4. This got the boys in the final against Kingscliff High School. The result did not go our way with KHS winning 16-0.

Congratulations to all the players on their attitude and behaviour, along with the water boys who helped. Player of the day with 3 points went to Travis Smith, 2 points to Will Cohen and 1 point to Jacob Gulliver. A big thank you to Mike Donnelly for the organisation of the day.

72ND ANNUAL CENTAUR DAY

On the morning of 14 May, 1943 the hospital ship Centaur was sunk off the coast of Queensland by a Japanese submarine. It sank quickly and was not located until 2009. Last Friday 15 May the sun shone brightly over Point Danger where all the students, teachers, special guests and visitors attended the 72nd commemorative service. Two of our Year Eight students Alicia Tincknell and Marleigh Dreyer went along with Christopher Randle and did a beautiful job representing our school.

CAREERS NEWS

Welcome to Week 6. I have been extremely proud of the number of students that have settled well into their subjects and starting to enjoy the work that they are doing. It is a very busy time for me at the moment, as I am trying to get around to all Tertiary Institutions so that I can learn about their new courses and ATAR ranks. I am also attending workshops on topics covering such things as “Where the Jobs Are” so that I can best guide your children in not only the right career path for them, but also one in which there are (and will be) available job vacancies. It is a tough market out there, and I want to prepare your children with as much knowledge, skills and experience to include in their resumes as possible. As you can see from the dates up and coming, there is a lot going on as always in the Careers Department. Please remember; If you would like to discuss anything with me, please send an email with your contact details and I will phone you as soon as I am free. jessica-lee.dreyer@det.nsw.edu.au .

Have a great fortnight.

Jess Dreyer
